CHANGE OF DATE – NORTH ISLAND DISPLAY DAY

Please note that after our meeting with Porirua City Council today, we have had to back down and change the original date of our day from Saturday, 22 September 2012 to Saturday, **29 September 2012**.

This now means that the Friday practice run through will be 28 September, times to remain the same. The close-off date for registrations and evening function/badges date will also remain the same.

We will not be sending out new registration or order forms so can you please amend the date on the ones you have. We will update the www.leisuremarching.org.nz site as soon as possible to show the new date on the forms. This will be available to print off if you so wish.

We are sorry that you have had to be inconvenienced but this has been completely out of our control. Although we are not pleased that it had to happen, at least we can now carry on with our plans.

For those that have already made motel bookings you may now confirm the new date with your motel.

Many thanks for your replies to our last letter.
